## An Encouraging Result.

The patrons and shareholders of  
Qu'Appelle Creamery will be  
pleased to learn the following facts  
regarding that institution and will  
be able to vote more intelligently  
thereby at the annual meeting on  
Dec. 8.

The creamery opened on May 9  
under the able management of Mr.  
J. R. Campbell. It was in opera-  
tion until Nov. 14, a period of over  
six months, and during that time  
23,954 1/2 inches of cream was re-  
ceived. The total output of butter  
was 24,847 lbs. This, by the way,  
is a larger output than that of Re-  
gina creamery, and should be a  
source of satisfaction to those who  
so ably supported it. Over 9,000  
pounds of butter have already been  
sold, 3,259 pounds of which were  
disposed of by Mr. Campbell. The  
price will be as high as last year if  
not higher and should well repay  
the patrons for their time and trouble.

The total make for last year was  
16,561 pounds thus showing this  
year an increase of 8,086 pounds.

Satisfactory as this showing is  
it is not yet up to the limit. A  
large number of farmers in the  
district take advantage of the in-  
creased price created by the pres-  
ence of the creamery and continue  
to make their own butter. We  
believe that if all the farmers would  
take their cream to the factory fully  
35,000 pounds of butter would be  
the record for 1901 and the price  
would be even better than at pres-  
ent. Every effort should be made  
to accomplish this much to be de-  
sired end. Let the facts become  
thoroughly known and let every  
patron try to secure his neighbors  
support for the creamery during  
1901. Merchants could also en-  
courage the industry by refusing  
to buy bad butter on any condition,  
and by handling creamery butter.  
Thus will they be cit in the end  
and at the same time work for the  
general weal.

## Literary Society.

A meeting was held in the school  
house on Monday evening to con-  
sider the advisability of organizing  
a literary society for the winter  
months. The attendance was small  
but those present were enthusias-  
tically in favor of the idea. A  
chairman and secretary pro tem.  
were appointed and after some  
discussion it was resolved that a  
debate on "Provincial Autonomy"  
be held in the school house on  
Monday evening next, beginning  
at 7.30 o'clock, after which thorough  
organization will take place.

It is expected that a suitable  
place of meeting will be found free  
of charge, thereby necessitating  
expense for light and fuel only.  
Consequently a minimum fee of  
25 or 50 cents is all that will be  
necessary.

There are many in town, both  
ladies and gentlemen, who could  
ably support such a society and it  
is earnestly hoped that a large  
number will turn out to this first  
meeting. The subject to be dis-  
cussed is one of vital interest to  
every man and woman in the Ter-  
ritories and one that will soon have  
to be decided by our Territorial  
citizens. It is therefore im-  
portant upon all to make themselves  
familiar with the question and the  
debate will be a ready means of  
education on the principal points.

It is to be distinctly understood  
that the society is not to be a de-  
bating society merely and the as-  
sistance of the ladies is earnestly  
requested.

For years it has been felt that  
little opportunity is offered here  
for intellectual development and  
now that a move has been made to  
furnish a diversion in the business  
routine we hope the intellectual  
lights among men and women and  
all those desirous of spending a  
pleasant and instructive evening  
each week will readily ally them-  
selves to the society.

## THE Qu'Appelle Furniture Co.

Has now the Largest and Most Complete Stock of House Furnishings ever of-  
fered in Qu'Appelle which are selling at a

# THE BROKEN BETROTHAL

By Laura Jean Libbey.

(Continued.)

"We have a very beautiful and pleasant home, but I live rather a retired life. I do not care much for society, although my husband is quite a social butterfly. He is a friend to the whole world, and he has a great deal of company. I am not used to society myself," answered Theo, feeling that she was called upon to say something.

"I am not used to society myself," answered Theo, feeling that she was called upon to say something.

"I am not used to society myself," answered Theo, feeling that she was called upon to say something.

"I am not used to society myself," answered Theo, feeling that she was called upon to say something.

Minard's Liniment Cures Gargot in Cows.

## THE ART OF WAR.

An Intermittent with fixed bayonet has been an equal case against a cavalry soldier with lance or sword.

The emperor of Austria has issued a decree forbidding the use of any sort of bayonet during the Austrian campaign in the Austrian army.

General Bismarck, who in a force of 250,000 men and 80,000 horses engaged the Prussian army, was the last to be killed during the war.

The bayonet had its origin in the fact that a Prussian regiment at Bayonne, during the war, placed their bayonets on the ends of their rifles and died bravely with them.

## STORM IN SOUTH.

TENNESSEE AND MISSISSIPPI ARE STORM SWEEPED.

More than Fifty Persons Killed and Hundreds Injured—Immense Property Loss.

Birmingham, Ala., Nov. 22.—A dispatch from Columbia, Tenn., says a terrific cyclone, moving in a westerly and northwesterly direction, struck this place at 9:30 o'clock last night and left havoc in its path.

The northern and western sections of the city, populated by negroes, was almost entirely swept away. Fifteen persons are known to have been killed, and it is believed that this number will be largely increased by later reports.

The cyclone lasted for about five minutes and its path, about 1,600 feet wide, is clearly marked by destruction. Many houses, including a large number of negro cabins, were blown down, and many others damaged and otherwise damaged. The fencing surrounding the United States arsenal was blown away, but the building remained intact. In Nashville, Tenn., Nov. 22.—Five lives are known to have been lost by the tornado, which struck within 16 miles of this city last night. Much damage was done to property over a wide area. Wire communication was destroyed, and the only news obtained was brought by passengers of incoming trains.

Nashville, Tenn., Nov. 22.—Tennessee was swept last night by the most destructive storm ever known in the state. More than fifty persons were killed and a hundred more injured, while the damage to houses, timber and other property will reach large figures.

The storm entered the state from northern Mississippi and swept across in a northeasterly direction. Great damage is reported from the counties bordering on Mississippi, and further on, Columbia, in Maury county, is the most severely affected. Lawrence, Nolansville and Gallatin also felt the wind's force. The storm finally lost its force against the Cumberland mountain range. Columbia's casualties number 25 dead and 50 injured.

The path of the storm, about 50 yards wide and was through the northern suburbs of the towns. In its path everything is completely wrecked. Not even the iron and steel fence of the arsenal grounds are standing. The residence of Captain Aydelott, the Farrells and other large residences were demolished, with the exception of those four houses, the storm's path was through a section of the town populated chiefly by negroes and the poorer classes, and the houses were mere hovels. It is estimated that 150 of them were totally destroyed and a large number damaged. The suffering of the people rendered homeless and bereft of all the goods, is pitiable. A number of houses in the Nolansville neighborhood is at 16. There were two fatalities at Lawrence, 16 miles south of here, on the Nashville, Chattanooga and St. Louis road, the velocity of the wind was marvellous, and from last reports have killed about 25 minutes. The loss of life is small compared with the miraculous escapes made.

Arkabula, Tate county, Miss., Nov. 22.—Yesterday afternoon a tornado descended upon this little town, and as a result of its fearful intensity ten persons were killed outright and 20 were injured.

Memphis, Tenn., Nov. 22.—In Mississippi the greatest loss of life and damage to property occurred near Tunica, Lata and Hernando. A report by carrier from a point 13 miles from Tunica says that the tornado devastation was so great that it will take weeks to rebuild and repair it. Five negroes lost their lives.

Lumber firms, whose mills are located on Wolf river, the northern boundary of the city, suffered damage estimated at more than \$200,000 by the overflowing of Wolf river during the night. The sudden rise resulted from a heavy rainfall throughout the season.

A freight train on the Nashville, Florence and Sheffield railroad, was derailed from the track, but as far as reported no one was injured.

### A PRIEST ASSAULTED.

Brandon, Nov. 22.—A story of a startling act which happened over a week ago at Souris has only recently been generally known and against the express wishes of the injured party. The facts of the case are, however, too unsavory to be long withheld from the public. It appears that a day or so after the election, Father Vermeiren, assistant pastor of the parish priest of Brandon, went out to Souris to conduct the funeral of one of his parishioners that had recently died. Being an entire stranger in the town, he enquired his way of a couple of men whom he met on the street. One of the men, instead of replying to the civil question of the priest, began to abuse him in foul language and ended by striking him in the face with his fist. The reverend gentleman refused to prosecute his assailant. Although urged to do so several stretches had to be put in the cuts made. Since the wound was inflicted it has grown more serious, and now Father Vermeiren is in the hospital.

## DOMESTIC AND FOREIGN.

Telegraphic Intelligence in Condensed Form.

London, Nov. 22.—The czar has had a slight relapse, which is attributed to an injudicious dietary.

Hamilton, Nov. 22.—The board of trade has passed a resolution favoring a Dominion exhibit at the Pan-American show at Buffalo.

Hamilton, Nov. 22.—James J. Buchanan, of Pittsburgh, formerly of this city, has given \$2,000 to build a vestry to the Macnab Street Presbyterian church here.

Toronto, Nov. 22.—A gale, blowing 40 miles an hour, struck this city yesterday about noon. It did much damage among loosely built structures. Nobody was reported injured.

Brantford, Ont., Nov. 22.—At the annual meeting of the Farmers' Union Twine company a dividend of 90 per cent was declared. Last year the concern paid 100 per cent, the year before 60 per cent, and for five years before that 100 per cent.

Vancouver, B. C., Nov. 22.—The business men will bring out a candidate for mayor and the name of J. Burnett, of Johnson & Burnet, a shipping firm, is mentioned in this connection. The names of G. H. Wilson, Thomas Dunn, and others are also suggested.

New York, Nov. 22.—Rear Admiral N. Stenoed, retired, died from pneumonia today, in the Fifth avenue hotel. He would have been 90 years old next month, and with the exception of Thomas O. Selfridge, the elder, had seen more years of life and service than any man in the list of rear admirals.

Buffalo, N. Y., Nov. 22.—One of Uncle Sam's great guns designed for coast defence is being prepared at Buffalo, for transportation to this city for exhibition at the coming Pan-American exposition. This monster engine of war weighs 100,000 pounds, and was fashioned at the shops at South Bethlehem.

Detroit, Nov. 22.—On account of the dense fog hanging over the Detroit river below this city, not a boat of any kind passed the Lime Kiln crossing, just above the mouth of the river, at about 11 o'clock. There is one of the largest blockades of craft of every kind at this point which has ever been known in the history of navigation.

Cleveland, O., Nov. 22.—Navigation on the Great Lakes is practically closed. Owing to storms on the upper lakes and dense fog on Lake Erie a number of vessels have not been heard from for five days and are undoubtedly at anchor waiting for the weather to clear. This will mean the shortening of the season's work by one trip for many of the grain carriers, and will decrease the profits of the year very materially.

Montreal, Nov. 22.—The arrival of the steamship Monksheaven from the upper lakes with a cargo which she herself will carry to the British Isles marks a new epoch in the history of the port of Montreal and the history of Canada. This is the first vessel to carry a cargo from the inland lakes to Europe, and her voyage is only possible owing to the new 11-foot channel completed a short time ago.

Chicago, Nov. 22.—For the first time in 14 years the firemen of this city will hold a benefit ball in aid of the pension and of the paid fire department of the city of Chicago. It will take place tonight in the Coliseum and will be a brilliant affair. It will be largely attended. The firemen have conducted charity at their own expense for fourteen years, but their pension fund has got into a bad shape and funds are needed to carry out the beneficent functions of the organization.

Fargo, N. D., Nov. 22.—Fire at Buffalo, in this county, 33 miles west of Fargo, Sunday morning, destroyed 10 places of business, burning an entire block. Charles Keelson's building was destroyed. The fire then spread to the rest of the block, burning Newton's drug store, the State bank, Feltow's barber shop, Tandik's shoe shop, George L. Towne's confectionery store, the Buffalo Express, owned by Towne, the post office, and Knicker & Larson's blacksmith shop. It cannot be learned how the flames started. The total loss is estimated at about \$15,000, equally divided between stock and buildings. It was one-third insured.

London, Nov. 22.—The reported death of General Schalkbarger, acting president of the Transvaal since Mr. Kruger's departure from that country, is discounted here. This is a mere rumor that he died at Johannesburg, Nov. 9, but the report lacks confirmation.

A long dispatch just received from Lord Roberts refers to a number of minor occurrences, but does not mention General Schalkbarger. The only incident of importance is the capture of a priest of the Buffs, in southwest of Balmoral on Nov. 19, six of the Buffs were killed and five wounded. An officer and 30 men were made prisoners. The post has since been recaptured.

## ORDERED SOUTH.

A BRITISH WARSHIP IS ORDERED TO PANAMA.

H. M. S. Pheasant Will Carry South to Protect British Interests—A Vessel Seized.

Victoria, B. C., Nov. 21.—H. M. S. Pheasant today received rush orders from the admiralty despatching her to Panama, to protect British interests in the revolution which occurred there. Today her crew were busy unloading stores, ammunition and other necessities, and will sail Thursday at noon. The day following H. M. S. Yarus will sail on a cruise to the South Sea islands.

Kingston, Jamaica, Nov. 21.—It has been ascertained that a fortnight ago the Colombia government was negotiating with the Pacific navigation company for the purchase of one of its coast vessels for war purposes. In consequence of the rebels' activity and the advance of the rebel forces in Panama that city was placed under martial law on Nov. 10. The steamer Taboga is believed to have been sent Nov. 13 to bring in reinforcements from the coast. But it is not known positively whether the Taboga was seized by the Colombian government. Letters from Colon say several people, including foreigners, have been lodged in the prison at Panama, on suspicion of helping the rebels.

Panama, Republic of Colombia, Nov. 21.—The seizure of the British steamer Taboga by the Colombian government was due to the fact that the agent of the Pacific Steam Navigation Co. refused to sell or charter her for the purpose of conveying government troops to Buenaventura, which was besieged by the Liberals. The British consul here entered a strong protest against the seizure, and then communicated with his government. No reply has yet been received from London. The Taboga with the government troops on board arrived at Buenaventura yesterday, whereupon the Liberals retired.

### CASHER SHORT \$200,000.

Cincinnati, O., Nov. 21.—United States Bank Examiner Tucker today took possession of the German National Bank, of Newport, Ky., and posted a notice that the bank would remain closed, pending an examination. Examiner Tucker also announced unofficially that Frank M. Brown, the individual bookkeeper and cashier was missing, and that a partial investigation showed that Brown was short about \$200,000. Brown had been with the bank 18 years, was one of the most trusted men ever connected with this old bank, and it is stated by the experts that his speculations extended as far back as ten years. The capital stock of the bank is only \$100,000. Brown's alleged shortage is double that amount.

### TO DEAL WITH LYNCHING.

Chicago, Nov. 21.—The burning of the negro, Porter, at the stake by the citizens of Lincol, Col., will be brought to the attention of President McKinley by the Methodist ministers of Chicago, who have decided to request the president to call attention in his next message to the 2,000 persons put to death by mobs in the past ten years, and urge him to recommend to congress suitable legislation, which shall secure to every person accused of crime a fair trial, and hold criminally liable all persons constituting mobs which torture, murder and burn.

### INCREASING AMERICAN ARMY.

New York, Nov. 21.—It is learned from authoritative sources in the war department that a bill is being prepared which will be presented to congress providing for a permanent minimum strength of 50,000 men in the regular army and at the same time conferring authority on the president to double this number in case of need by adding enlisted men to the organized companies without at all increasing the numbers of commissioned officers. This arrangement would bring the army more in harmony with modern methods of organization, which tend to large companies and regiments.

### FIVE MEN DROWNED.

Newbury, Mich., Nov. 21.—Word has been received here by D. N. McLeod, lumberman, that one of his scows, used in transporting freight from South St. Marie to Deer Park, where he has a number of lumber camps, was caught in a storm on Lake Superior on Sunday morning at Deer Park, and five of the six men on board were washed overboard and drowned. The dead are Joseph Canaden, Joseph Billings, Herman Wenzel, Baron Noel and William.

New York, Nov. 21.—Cornelius J. Alford, Jr. (former mate to the late Alford, Jr. bank, who is accused of embezzling \$600,000 from that institution), was held today by United States Commissioner Shields to await the action of the grand jury.

## A WEEKS NEWS.

Condensed for Busy Readers.

### SATURDAY, NOV. 24.

Miss Phoebe Dunn was frozen to death in the Stonewall district.

The body of an unknown man was found frozen west of Rat Portage.

Owing to floods 100 families were driven from homes in Anaheim, Cal. Mr. George Hays, conductor, formerly of the C. P. R., was killed at Ogden, Utah.

Sir Arthur Sullivan's funeral service will be held in the chapel of St. James Palace.

Large steel steamships are to be constructed in yards to be located near Duluth, able to compete with any in the world.

There are no cases of smallpox at Ellree, the outbreak being at Fort Lilloe, 14 miles away. The disease was brought over by half-breeds from St. Johns, N. B.

### FRIDAY, NOVEMBER 23.

Sir Arthur Sullivan, the great English composer is dead.

Peter Graff, a coal miner of Edmonton, accidentally killed himself.

The path of the storm in Tennessee presents a scene of terrible devastation.

Twelve workmen were killed in the collapse of a house at Darmstadt, Germany.

The Colorado state authorities have decided to prosecute the mob guilty of burning a negro to a rail recently.

At the Penryn quarries in Wales, 5,000 men are on strike, and a volcano is threatened. Troops are on the scene.

Five train robbers are surrounded in a fortified cabin near Gifford, Ark. by a sheriff's posse. They were forced in their attempt to open the safe on the Iron Mountain train.

### THURSDAY, NOVEMBER 22.

A 10-mile an hour gale did damage in Toronto.

A fire at Red Wing, Minn., did \$25,000 damage.

During the progress of the storm in Montreal an Italian was killed by falling walls.

Tennessee was swept by a tornado. Much property was destroyed and 50 lives lost.

David Moodie and W. P. Cantile, of Ottawa, were killed by the fall of a standing wall, a ruin of the late fire in British Columbia. The Fraser river is from a river, and intense cold prevails at Donald and Laggan.

The Colombia government has seized a British merchant ship, which was the reason the Pheasant was given rush orders at Victoria.

The Duke and Duchess of Manchester, now Zoumbar, of Cincinnati, received a cordial welcome from their tenants at Armagh, Ireland.

### WEDNESDAY, NOVEMBER 21.

Charles Hoyt, playwright, is dead.

A Brandon priest was assaulted by two men in Souris.

The czar has had a slight relapse; his illness is said to be due to eating bad fish.

Day and night gangs will soon be engaged on St. Andrew's locks construction.

A bill will be presented to congress to make the minimum strength of the United States army 50,000.

H. M. S. Pheasant received rush orders to proceed to Panama to protect British interests during the revolutionary troubles.

President McKinley's attention has been called to the fact that 2,000 persons were put to death by mobs in the United States during the last ten years.

### TUESDAY, NOVEMBER 20.

The English channel is storm swept.

The czar continues to improve in health.

Three cowboys fought a duel in the Otto mountains, Wyoming.

The Russian fly is doing much damage to wheat in Westworth county.

British and German trade has been greatly benefited by McKinley's election.

It is stated that the Duke of Manchester has married Miss Helene Zimmerman, of Cincinnati.

The investigation into the doping and phonying of English race horses by United States jockeys ended without results.

Prince Tuan and Prince Chaing have been imprisoned for life. All the other Boxer sympathizers have been severely punished.

### MONDAY, NOVEMBER 19.

Britain may send a flying squadron to Chinese waters.

Count de Comper murdered his wife in a Paris apartment house.

A band of Apache Indians attacked a Mormon colony in Mexico.

F. P. Farley, a New York broker, has failed for a million dollars.

Mrs. James Sheridan, of Toronto, was probably fatally burned.

Arrangements will soon be under way for taking the Dominion census.

J. F. Thompson, a wealthy Canadian, was arrested in London for deserting the Royal Irish regiment.

A New York paper announces a gigantic railway deal involving the Northern Pacific, the Great Northern and Southern Pacific systems.

**E. E. LAW,**

EDITOR AND PROPRIETOR.

THURSDAY, NOVEMBER 29, 1900.

*"Let us have faith that right makes might, and in that faith let us dare to do our duty as we understand it."*

**Puerile Vituperation.**

The heart of Nicholas Flood Davin is bitter to the core since his defeat in West Assiniboia, and his organ The West is raking up all manner of abuse for those who are supposed to have betrayed him and brought about his political downfall.

In the eyes of The West the worst traitor is Hon. F. W. G. Haultain. Territorial premier, who dared to work for Mr. Lake and leave Mr. Davin to his own resources. By some occult reasoning The West concludes that the Haultain-Ross-Bulyen government has declared for party politics and "thrown their whole influence in favor of the Liberal party." It charges the government with depriving every Conservative in their employ of his vote and of issuing cheques in certain districts subject to influence by such means just the day before the election. But it must be noted that it brings no proof of this. It is scarcely likely that charges of this nature, unsubstantiated, will carry any weight.

It has been the custom for years for both Conservative and Liberal leaders in the local governments to take an active part in Dominion elections, and such being the case we see no reason why the members of the Territorial government should not do likewise.

The fact is Mr. Haultain stumped a good part of Elton Assiniboia for the Conservative candidate. Mr. Ross, on the other hand, worked for Mr. Scott in West Assiniboia and Mr. Bulyen did not figure in the campaign at all. Wherein, then, lies Mr. Haultain's treachery to his party? Merely in the fact that he did not aid Mr. Davin. Had he done so, even while Mr. Ross acted as he did, there would have been no complaint from The West.

We believe party government would be the best thing for the Territories, but we fail to see how the action of Messrs. Haultain and Ross in the late election has introduced it into the Assembly.

It is no doubt hard for a man who has been in politics for thirteen years and who believed he was predestined for politics to find that the people could vote against him. It is also hard to realize that his organ, in which he has invested to boot himself has failed in its mission, but it were better to accept the inevitable with a good grace instead of whining and vilifying members of his own party.

**MUNICIPAL ELECTIONS.**

On Monday next nominations for all the vacancies in our municipal government will be made. Our great

difficulty to contend with is the insufficient interest taken in these matters by citizens generally. During the year we frequently hear complaints regarding the manner in which municipal affairs are managed but when the time comes to speak out, those who have been dissatisfied either fail to appear or, if present, remain silent. A thorough discussion of municipal affairs is essential if the citizens desire the best results. The proper place and time for this ventilation is at the meeting nomination day.

It is also sometimes stated that it is hard to get good men to serve in the Council. This is not difficult to understand. To undertake a share in Municipal government is to lay one's self open to carping criticism and to run the risk of injuring a private business for the sake of a little cheap honor or even abuse.

Our Council has been fully up to the average in energy, executive ability and progressive legislation. It rests with the electors to say whether the outgoing members shall be returned or whether men whom they consider better shall be put in their place. Let the Council be considered on its merits.

One feature of a council is too apt to be lost sight of in the west. In the absence of a Board of Trade in our midst, the Council is the only organization of influence sufficient to cope with the immigration problem. With vacant lands scattered all through the municipality and the desire of all public-spirited citizens to see these lands settled, we believe it the duty of the Council to take the matter up. It is useless and unconvincing to point to previous failures in this line. Conditions are wholly changed since previous efforts were made. Other districts have become settled and prospered. Why not this? The manner in which the Council carried out the Statute Labor Tax by-law and enabled our citizens to benefit by the grist mill in our midst leads us to believe that much might be done on the immigration problem if the new Council but put their shoulders to the wheel.

The retiring members are Reeve Smith and Councillors Jones and Johnston. We do not know whether these gentlemen intend to run again, but in any case they deserve the thanks of the municipality for their services in the past.

**INSOLVENCY ACT.**

At the last session of the Legislative Assembly at Regina the following Ordinance was enacted:

No assignment for the general benefit of creditors shall be valid or effectual as a transfer, assignment or conveyance of the property therein mentioned and described unless such assignment is made to some person or persons residing in the judicial district within which the assignor resides or carries on business.

In general most of the creditors or at least those with the heaviest accounts reside in or have their branch houses in Winnipeg and business men there regard the act as a pronounced hardship, considerably increasing the cost and difficulty in winding up a business. Protests were made at the time of enactment and have continued periodically ever since.

The Commercial, in its last issue, states that the law is proving quite as burdensome as predicted, and characterizes it as a "gross injustice upon the commercial community." The object in passing the act appears to have been to furnish work for lawyers in the Territories.

To avoid the trouble and expense entailed under this act, creditors are resorting to other means to wind up estates. Next time there

is reason to complain, as every dollar paid for settling an insolvent estate is so much out of the pockets of the creditors, and where the expenses are unnecessarily high by reason of unwise legislation creditors have good ground for complaint. The government should hasten to remedy their blunder at the next session.

**Edgeley Echoes.**

From our own correspondent.

The old school house has been purchased by the people of Poplar Plains. They will move it soon, after which it will be renovated and used as a church. Our new building is nearing completion and will be occupied in a few days.

Last week two more of our young people left for Nelson, B. C. — Miss Cassie Fair and Mr. W. F. Matthews. Being favorites in the district they will be much missed by all. The Church especially will feel the loss of Miss Fair, as she was a most indefatigable worker and leader in the Y. P. S. C. E.

Mr. and Mrs. John Scott have lately spent some days visiting relations and friends in this district.

Many of our farmers are taking advantage of the sleighing to lay in the winter's supply of wood.

Mr. Smith, of Indian Head, has been visiting Mr. and Mrs. W. Fox during the past two weeks.

Miss Howett left on Monday's train for Moose Jaw where she will visit Mr. and Mrs. Wilson and Mr. and Mrs. Delbridge for a time.

Mrs. Ellis has returned home from Qu'Appelle where she visited for two weeks her numerous friends.

Mr. W. Boxall has lately had the misfortune to lose one of his horses. During the severe weather the animal was found to have been confined in a field, where she was discovered dead.

**Notices of Impounded Animals.**  
(From the North West Gazette.)

Impounded on the premises of John Morton (SW28-21-11w2, Bal carter, gelding, bay, white stripe on face, 3 white feet.

Impounded on premises of John Morton, mare, 3 years, dappled iron gray, brand resembling HE combination on right flank.

Impounded on the premises of John Morton, mare, bay, small star on face, one white hind foot, branded W on right hip, with foal at foot.

Impounded on premises of John Morton, mare, 2 or 3 years, dark bay, large star on face, branded running A on left shoulder.

**Returning from Africa.**

A cable from the war office announces that 1,000 men and 50 officers of the Canadian contingent will sail direct from Cape Town to Canada in December in the steamer Roslin Castle.

Pte. I. B. Scott, of A. 14th Regt. Strathcona Horse, a relative of R. A. Scott, Regina, is killed.

**Attention Inventors.**

We have received a copyrighted book entitled "How to Obtain Patent, Copyright, Trade mark and Copyright Protection, with Decision in Leading Patent Cases," published by E. G. Singers, Patent Lawyer, Washington, D. C. The book contains, among other things, a map of Washington, and is replete with information valuable to inventors. A copy of it will be sent free of charge by addressing Mr. E. G. Singers.

Loon Creek.

From our own correspondent.

Winter has now set in and finds the farmers well prepared for it.

M. W. Hogg has moved into his new residence which promises to be a warm shelter from the winter blast.

Mr. James Gordon, of McDonald Hills, visited the Creek on Saturday last.

Mr. M. Craney, while out driving at night recently lost his way in the dark and did not turn up until several days later, fortunately with nothing more serious than a few small frost bites.

Messrs. Scott and Finn are still hauling N. I. hard to Qu'Appelle. They do not object to the distance, but would like to have sufficient grain to keep them teaming all winter.

McDonald Hills.

From our own correspondent.

Autumn has to get out when winter comes in, and winter is with us now more. No sooner are we through haying than we must start feeding. Rounding up cattle is now the order of the day.

Mr. Musgrove returned from Qu'Appelle Station last week and is determined to make winter quarters on the ranch as comfortable as possible both for man and beast.

Messrs. Gzowski and Grant have taken a tip from W. Bruce and intend breaking for oats in the spring.

Adrian Pelapra and W. Winsor have taken up winter quarters with J. McDonnell.

Jas. Adam returned from the Saskatchewan last week where he had been on a hunting expedition. He brought back with him a black fox and several deer and antelope.

It is amusing to read in the Regina Leader, now that the elections are over that victory was won by fair and honorable methods. The same paper during the contest twitted Sir Charles Dupper for saying that the school question was not settled yet. Walter Scott would like us to believe that the question is settled, but it is not and Sir Charles was right. He did not have to take it out of the grave as the Leader said. The question of schools is alive and well and Walter Scott and party had better take care. The Leader surely remembers that Lamer and party got into power in '96 by promising to do more for the minority than Sir Charles and party. Did he do more? No, he adopted that method to gain work. Was it honorable, Mr. Scott, or was it honorable of you to deceive the electors by saying the school question is dead and buried.

It is a winter's evening and fast comes down the snow. And keenly over the hill tops the bitter blast do blow.

Don't neglect your chance of getting The Western Home Monthly and The Canadian Farmer for \$1.00. Payment in advance secure both.

## Territorial and General News.

The system of manual training for which Sir Wm. C. Macdonald, of Montreal, has so liberally contributed is to be introduced in Regina.

The New Methodist church at Moose Jaw was opened on Sunday, Nov. 18. It is well equipped and is a credit to the town.

Mr. J. F. Lindsay left for Montreal last night on a business trip. He expects to return early in Dec. after which he and his wife will leave on a trip to Australia, New Zealand and other points in the southern hemisphere.—Moosomin Spectator.

On Sunday last (the 18th) Miss Francis Pierce was shot in the left breast by the discharge of a gun in the hands of Samuel Roemer. On Monday afternoon a coroner's inquest was held when a verdict was rendered that it was accidental death or "homicide by misadventure."—Edmonton Bulletin.

Conductor Harrie Hubble who has been attending the conductors' conference at Montreal, returned last week. Speaking to a reporter, Mr. Hubble, who is chairman of the Western division committee, stated that the object of the conference had been for the purpose of coming to an understanding on the matter of auditors' privileges on trains. The company's attention was drawn to the fact that it was an annoyance to the trainmen and the matter was satisfactorily arranged. The conference was attended by representatives from every division and lasted ten days.—The Standard.

The Royal College of Dental Surgeons of Ontario has fallen into line with the dental associations of the various provinces and has by resolution strongly supported the project of establishing a Dominion standard of qualification for dentists. The only thing now in the way of accomplishing the desired reform are the local legislatures. Can they be prevailed upon to grant uniform legislation we will have in Canada within a year a nationalized profession and all the petty political favors and unqualified dentists will be done away with. It may not be generally known that Canada has the best dental college in the world, and Ontario was the first part of the civilized world that ever enacted a dental law. As a result Ontario is gifted with—speaking of the profession as a whole—the best dentists to be found anywhere. For this reason it was feared Ontario would refuse to join in with the proposal for a Dominion standard, her position being so much above the rest of the Dominion, especially the North-West Territories, where we have had miserably poor legislation and ineffectual American diplomas have been admitted. With the consent of Ontario secured the reform is within sight provided the legislatures will on their duty.—The West.

Dollar Wheat Next Spring.

There never was a time in the history of the Northwest when greater care was necessary in providing proper seed for the next year's crop than just now. There have been many and bitter experiences in the past of the danger of using soft or partially heated grain as seed, and it would be the extreme of folly for any man to take the same risk over an acre. Now is the right time to look out for the right kind of seed. The supply of all kinds of grain in the country is much lower than some people would have us believe, and every farmer should make it his special business to secure as quickly as possible enough seed of all kinds for his next spring's sowing and it should be of the very best quality attainable. Wheat, barley and oats are

## The Fad

Of the modern woman is health by exercise. It's an excellent fall, provided that it is always remembered that exercise cannot cure women's diseases. Indeed, where such diseases exist exercise is apt to aggravate the condition rather than to help it.

The first step toward establishing the general health is to establish local womanly health. Dr. Pierce's Favorite Prescription cures women's diseases which injure the general health. It establishes regularity, drives out inflammation, dries catarrhs, heals inflammation and ulceration and cures female weakness.

When these are cured, backache, headache and nervousness are things of the past. The universal testimony of weak and sickly women, cured by "Favorite Prescription," is this: "It has made me feel like a new woman."

"My wife has used three bottles of Dr. Pierce's medicine, and I never saw such results. I wrote A. B. Hayes, Esq., of Amherst, Lawrence Co., Mo. 'It was wonderful in its work. We had used 144 of medicine, also had one of the best physicians in Amherst, but no relief. After we had used one bottle of your medicine, after another, day and night. A friend handed me a copy of Dr. Pierce's book, the Common Sense Medical Advice, and after reading the testimonials of Dr. Pierce's successful treatment, and seeing that the cases described were similar to my wife's, I bought for her a bottle of Dr. Pierce's Favorite Prescription. Before she had taken all of the medicine she was up and helping to do the work. She has had three bottles and is now about well. Has better health than she has had for years.'"

Dr. Pierce's Pleasant Pellets cure constipation.

## Notices of Estray Animals.

(From the Northwest Gazette.)

On premises of George Fisher (34-17-16w2), Balgonie, steer calf, white, red mark around neck.

On premises of H. Rainville (22-15-12w2), Montmartre, mare, 5 years, iron gray, black mane and tail, branded 3 on right shoulder and right hip and S11 on left shoulder.

In band of Thomas Hogg, for about six weeks, cow, with black calf, branded ) on left hip.

The Irl R. Hicks 1901 Almanac.

Whatever may be said of the scientific causes upon which the Rev. Irl R. Hicks bases his yearly forecasts of storm and weather, it is a remarkable fact that specific warnings of every great storm, flood, cold wave and drought, have been plainly printed in his now famous almanac for many years. The latest startling proof of this fact was the destruction of Galveston, Texas, on the very day named by Prof. Hicks in his 1900 Almanac, as one of disaster by storm along the gulf coasts. The 1901 Almanac, by far the finest, most complete and beautiful yet published, is now ready. This remarkable book of near 200 pages, splendidly illustrated with charts and half-tone engravings, goes as a premium to every subscriber who pays one dollar a year for Prof. Hicks' journal, Word and Works. The Almanac alone is sent prepaid for only 25 cents. Order from Word and Works Publishing Company, 2201 Locust Street, St. Louis, Mo.

## Shooting Accident at Lacomb.

The Edmonton Bulletin gives an account of a fatal shooting at Lacombe, Alta., on the 18th inst. of Miss Francis Pierce, by Mr. Samuel Roemer. Mr. Roemer has been an intimate friend of the Pierce family for years and on coming to the house from his work on Saturday night brought with him a double-barreled, breech-loading shotgun. He has always been very careful with firearms, but on this occasion is supposed to have removed only one cartridge. On Sunday, while cleaning the gun, the discharge took place, Miss Pierce was a bright young lady, 19 years old and was very popular. The shot severed the large blood vessels of the heart, and death occurred almost instantaneously.

The Progress  
The Nor-West Farmer  
Things Worth Knowing  
The Western Home Monthly  
Four Beautiful Pictures  
Ready for Framing.

\$1.75

We have made arrangements whereby we are able to announce the above clothing rate. The Nor-West Farmer will be sent from date subscription is received until January 1st, 1902, the balance of this year free. The book for farmers, entitled "Things Worth Knowing," was specially prepared to supply in convenient form a fund of information worth dollars to the farmers of Western Canada. It contains in condensed form the substance of many government regulations which bear directly upon the farmer's business; a gestation table for every day in the year, for horses, cattle, sheep and swine; valuable farm pointers; plans of handy home-made contrivances; a veterinary brief; ideas from leading men; notes for the stock-raiser and grain-grower; in short, it is a good-sized book filled with just such things as every farmer is seeking to know.

Just think! For \$1.75 you get The PROGRESS; The Nor-West Farmer; and The Western Home Monthly; "Things Worth Knowing"—a Book for Farmers; and Four Beautiful Pictures ready for framing. All for only \$1.75.

## LOCAL NEWS

Removal day on Monday next, beginning at 10 a.m.

Sloughing in good and trade has been somewhat considerably during the past week.

Farmers' meeting on Saturday next at 2 p.m. and annual meeting of Ag. Society on Wednesday next at 2 p.m. See advt.

Services by the Bishop.

On Sunday last the Lord Bishop of the Qu'Appelle spent Sunday in the parish and preached at St. Peter's, P. M. C. and St. Thomas, Vernon.

C. P. R. Excursion.

The annual excursion begin on Monday next. Among those who intend going east are Mrs. J. McNaughton and Dr. Henderson.

Crematory Notice.

We draw attention to the change of date in the crematory notice. Owing to the Agricultural Society meeting being held on the 1st, the meeting of the crematory shareholders will be held on Dec. 8th.

Dr. Henderson, Dentist, of Indian Head, who visits Qu'Appelle on the 1st and 3rd Tuesdays of each month will be at the Indian Head on the 4th of Dec. All dental operations performed by the latest and most scientific methods. Prices reasonable. Call early. Office in Indian Head over Green's implement warehouse.

New Post Offices.

Advertisers is the name of the new post office which will be opened at E. S. Kent's, Poplar Plains on Tuesday next. The service will be a continuation of the Lingley service, Mondays and Fridays. A new office will also be opened at Jason Young's south of town on Saturday next with a service from Qu'Appelle and return on Saturdays. The latter office will be called Balfour.

To Place the Town Hall.

A meeting was held in the town hall Saturday last to arrange for a new hall, the receipts from which are to be devoted to putting down a new floor to the hall. Mr. Victor was elected chairman. During the meeting it was announced that the total expense of lumber, labor, oil, floor, etc., would be about \$4,000. MacCauley & Harvey agreed to supply the lumber at a cut rate, while Mr. Robinson was promised to lay the floor at considerably less than his usual rates. The Council will contribute \$200 from the town hall receipts fund and \$425 more are in sight, leaving about \$410 to be raised otherwise. Committees were appointed to see to the work, arrange for and advertise a dance, provide music and provisions and otherwise carry out the wishes of the meeting. The floor will be laid in time for the dance.

The Christmas Ladies' Home.

General offers a superabundance of literary and artistic features in most attractive form. Among its newly two-story contributors are Mrs. Lew Wallace, Elizabeth Stuart Phelps, Charles Major, William Perkins, Clifford Howard and Elizabeth Lincoln Gould, while A. B. Frost, W. L. Taylor, Reginald B. Birch, Henry Hunt, George Gills and as many other illustrators supply its pictorial features. Apart from the articles having special holiday timeliness of interest, the notable features of the Christmas Journal include "The Duke's Daughter Who Dissolved a President's Cabinet," "What May Happen in the Next Hundred Years," "Jerusalem as We See It To Day," "Two Women's Gifts of Twenty-Five Millions," "The Little Men Play," a dramatization of Louisa M. Alcott's delightful story, "Where Children See Saint Nick," "The Fourteenth Man," "Two Christmas Days at Rock Farm," and "The Successors of Mary the First," and "The Story of a Young Man," and "The Blue River Bear Stories," which are continued.

Edward Bok has a thoughtful article on Christmas celebration, and there are various articles on Women's wear, Christmas presents and children, while various other practical, helpful themes are ably presented. By The Curtis Publishing Company, Philadelphia, one dollar a year; ten cents a copy.

## LOCAL NEWS

In Training.

The Methodist and Presbyterian Sunday School children have commenced practice for their annual Christmas concert. We understand Christmas night has been chosen by the Methodists for their entertainment.

Beautiful Calendars.

Messrs. C. T. Bailey & Co., W. J. Richardson, Johnston & Creamer, and The Qu'Appelle Furniture Co. have shown considerable enterprise in obtaining for their customers calendars for 1901. They are beautifully executed and are really works of art. Bahman Bros., Winnipeg, are the engravers.

Snow on Sidewalks.

We would like to see the new council make some move to enforce the clearing of snow off the sidewalks on the main streets this winter. Two years ago an effort was made to keep them clear, much to the satisfaction of pedestrians. Last winter, however, little or nothing was done, probably owing to the light snowfall.

S. Peter's Woman's Guild.

At the annual meeting held last Thursday the following officers were elected: Hon. President, Mrs. Sargent; President, Mrs. B. Harvey; Vice-president, Mrs. Gordon; Secy.-treasurer, Archdeacon Sargent. A few useful and fancy articles for sale may be seen at Mrs. B. Harvey's, who will gladly receive orders for making, mending, etc.

Notice.

We beg to notify our patrons and others that hereafter no notice of any entertainment at which an entrance fee is charged will be inserted in The Progress columns except at regular rates. This applies to the country as well as to the town. Our columns are freely open for news but are not free for advertisements. If job work is done at this office we do not charge for locals.

Final Payment.

D. A. Clark, assignee of the Qu'Appelle Drug & Stationery Co., has finally wound up the affairs of that company by paying another dividend of 25 per cent. This makes a total of 65 cents on the dollar to the creditors. A number of our business men were interested in this statement and will no doubt be pleased to receive the additional dividend. A pleasing feature is the very small sum expended for assignee's and solicitor's expenses and costs, viz., \$87.01.

Inspecting Elevators.

G. H. V. Bulyen, commissioner of agriculture, and E. M. Willing, Territorial weed inspector, were in town last week inspecting the elevators and seeing that the managers were carrying out the law relating to weed seeds. We understand that no fault was to be found. Recently at Wascana a fine was imposed for allowing weed seeds to lie around the elevator. If weeds are to be kept in check or exterminated it will only be by eternal vigilance and rigorous enforcement of the law. We are pleased to find the authorities active in the matter.

Qu'Appelle Given the Go-by.

Last week Immigration Agent Standish came down from Regina to inspect the immigration and preparatory to placing several hundred German immigrants for the winter. Everything was satisfactory and it was understood that the settlers were to come here, but apparently Regina's influence with the Department of Interior was stronger as it has been decided to house them in that town for the winter. We see no reason why the immigration building should be idle and our chance of securing settlers for the vacant lands in our district be thereby curtailed. A strong protest should be sent in to the minister of the interior. So long as matters remain as they are this district will be handicapped in obtaining settlers. Then, too, the erection of a new town hall, so badly needed, will be postponed. If Mr. Douglas has influence with the government which he professes to have surely his assistance might be obtained in this matter. At the same time the employment of the town hall for immigration purposes would bring to a crisis the question of erecting a new town hall.

NOTICE.

THE SOUTH QU'APPELLE AGRICULTURAL SOCIETY will hold a meeting in the town hall on Saturday afternoon, Dec. 1st, 1900, at 2 o'clock p.m., when matters of agricultural interest will be discussed. More particularly the Farmers' elevator question. Speakers from Indian Head are expected to address the meeting on this subject.

J. P. Creamer, V. S., will read a paper on the "Rearing of Horses Adapted to This Country." A large attendance is requested. The annual meeting of the Society will be held on Wednesday, December 6th, 1900, at 2 o'clock p.m., in the town hall, when the election of officers for the next ensuing year will take place.
